

The Virtual Bitove Method Academy is Creatively Connecting with our Community

By Kristin Bartlett - Artistic Project Manager

The Bitove Method is a not-for-profit academic program with a mission to change the way the world sees memory loss. It offers virtual, educational, and interactive art-based classes that are created and facilitated by Professional Artists trained in Relational Caring. While our program keeps the needs of those affected by memory loss in mind, it is also suitable for the wider community. It's a respectful and stimulating space for anyone who is interested in the arts and appreciates thoughtful engagement.

Isn't it funny how devices considered to isolate us, helped us to expand our community and make our art classes accessible to everyone across the globe?

Art is used as the vehicle to creatively express ourselves; our thoughts, and feelings of who we are and what we believe in. Our goal at The Bitove Method is to establish inviting spaces for real relationships to bloom. To build meaningful and purposeful classes that encourage us all to creatively connect with one another.

We also have a few promotions!

- You can get **50% off** your first class by subscribing to our newsletter. This way you will always stay up to date with our calendar, event and much more!

- If you enjoy the class and spread the word with your friends – we will give you another 50% off your next class. Just ask your friends to put your email address when buying the ticket!
- And, for those who are hooked, we have promo **4 classes for \$100**.

All the sessions are interactive, engaging and an hour and a half long. We have a maximum of 10 participants per class. Check out the calendar on our website for a full list of art classes in diverse mediums including but not limited to visual arts, creative movement, live musical concerts, music appreciation, and much more!

Connect with us today to learn more about who we are, and how to join our creative, judgement free community. Check out our website at www.thebitovemethod.com and follow us on Facebook, Instagram, and LinkedIn!
